- >> 6 workstations/computers & printers

“When you open the door, you are surrounded by other students from all degree programs. We highly enjoy that!”

INTERNATIONAL STUDENT RESIDENCE UNIVERSITY OF APPLIED SCIENCES KUFSTEIN TIROL

For students who value the opportunity to live in the company of their fellow students, the FH Kufstein Tirol Errichtungs- und Betriebs GmbH offers its student residence. Known as the International Student Residence (ISR), this accommodation stands out for its tranquil setting along the banks of the river Inn. Situated along the bicycle and pedestrian path, which runs alongside the Inn promenade, the city center can be reached in approximately 10 minutes and the university is only a 15-minute walk away. Moreover, Kufstein offers an excellent quality of life and good medical care facilities.

In the four modern buildings of the ISR, there are a total of 73 single and 48 double studios, as well as one 2-person shared apartment, one 3-person shared apartment and one compact apartment. Each resident enjoys the privilege of having their own individual living room and bedroom. In the double studios, the shower/toilet facilities and kitchen are shared with the roommate. Upon request, a basic set of kitchen sup-

plies and bedware can be provided. On the ground floor, the International Student Residence (ISR) offers a cafeteria with a sun terrace and a cozy lounge area, creating an inviting space for socializing – a well-frequented gathering spot for students. This area is furnished with comfortable seats and is equipped with television sets. There is also a modern cooking area equipped with an oven and microwave for the convenience of the residents. Furthermore, a workspace featuring computers and a printer is available for residents.

Another highlight is the beautiful roof terrace, which is ideal for relaxing and offers a beautiful view of the Kufstein Fortress and the Inn river.

The underground garage offers rental spaces for both cars and motorcycles. The residents have access to bicycle and ski storage areas (free of charge), as well as washing machines and dryers in each house for their convenience.
