NOTES TO THE ABSTRACT:

*With regard to the abstracts, we ask you to write a **structured abstract** based on the following points. Stay selective and include only the most important information. You have a **maximum of 500 words** to fully describe the abstract. The goal is to be able to present it to a manager or decision-maker, and they should be able to quickly get a clear picture of your work based on what you have said. At the end, write how many words your abstract contains.*
