

Information on Admission

Smart Products & AI-driven development (FH Kufstein Tirol), ft **Study program code 0809**

Introduction

According to § 4 para. 4 FHG, the educational requirement for admission to a university of applied sciences master degree program shall be the completion of a subject-relevant university of applied sciences bachelor degree program or the completion of an equivalent degree program at a recognized domestic or foreign post-secondary educational institution. In the case that equivalence has basically been established and only certain supplementary qualifications are required for full equivalence, the program director shall be entitled to tie the determination of equivalence to examinations to be taken during the master degree program.

Definition of „relevant“

Subjects relevant to this master's program are bachelor's degree programs or equivalent post-secondary education degrees in the field of engineering sciences (based on ISCED 2013, Fields of Education and Training 06/071/072), a total of at least 30 ECTS is required. In addition, contents in the fields of economics subjects such as cost accounting, marketing, business administration and management should have been covered in such educational qualifications to a total of at least 10 ECTS credits.¹

Common transfers

Students often transfer to a master degree program after having completed one of the following bachelor or university of applied sciences bachelor degree programs:

¹In addition, any qualitative admission requirements defined in the curriculum must be observed

Bachelor degree programs/University of applied sciences bachelor degree programs	Higher education institution	Admission ²
Facility & Real Estate Management (FMI)	University of applied sciences FH Kufstein Tirol	without conditions
Energy & Sustainability Management (ENM)	University of applied sciences FH Kufstein Tirol	without conditions
Coding & Digital Design (CODE)	University of applied sciences FH Kufstein Tirol	without conditions
Industrial Engineering & Management (WING)	University of applied sciences FH Kufstein Tirol	without conditions

Applicants who have completed a degree in a different field to those listed but has professional experience in a relevant field may also be considered.

The teaching and examination languages at the University of Applied Sciences Kufstein Tirol are German and English for all courses. Thus, for foreign students in the subject of German (non German-speaking foreign countries) to provide evidence. Responsibility for checking that applicants fulfil the admission requirements lies solely with the Director of Studies.

Please note that only a limited number of study places is available for the master degree program. Therefore, the fulfilment of the educational requirement for admission does not constitute a claim to a study place.

According to § 11 FHG, an admission procedure shall be conducted at least in those cases where the number of applicants for a degree program exceeds the number of available places.

The director of studies shall be responsible for designing the admission procedure. Please contact **Prof. (FH) DI Dr. Martin Adam (Director of Studies)** for any questions regarding admission.

Please note that this fact sheet will not be legally binding as regards admission.

² Conditions required in order to achieve equivalence as defined by § 4 Abs 4 FHG.
