

PROFILE

The University of Applied Sciences Kufstein Tirol offers international bachelor's and master's degree programs on a full-time and part-time basis for future-oriented professions in the fields of business and technology. Around 150 employees and 350 lecturers from business and science supervise 2,400 students.

OUR MISSION

We support and challenge our students with a focus on practice-oriented academic vocational training. Personalized and individualized support is crucial to us. As responsible individuals with ethical principles, our graduates solve the problems of tomorrow. We support them with our networks – even after they graduate – and maintain close contact.
